

- **Custom Manhole Covers**

Staff is requesting approval to purchase seven custom manhole covers for the downtown square and surrounding streets. Six of the seven lids will have the same train graphic displayed on the Tuolumne Museum sign. The seventh custom lid is requested to be dedicated to Guy Ingalls for his years of service to the District. You will find templates for both designs, quotation, and map showing proposed placements in the following pages.

The manhole covers are traffic-rated composite covers that will be green in color. If approved, staff hopes procurement will come in time for Mozingo to perform the installation, which is the final task in the collection system project and approaching fast. Because these are custom 3D manhole lids they carry a higher cost than a typical lid. A summary of the costs are presented below:

A. Design – 1

“TCSD” Graphic - \$ 1,625.00 (one-time fee)

Train Graphic - \$ 4,200.00 (one-time fee)
