

Tuolumne City Sanitary District

Regular Meeting - August 7, 2024

AGENDA SUPPORTING DATA

5. Cal OES Designation of Applicant's Agent Resolution for Non-State Agencies - DR 4699

Background

As you may recall, Tuolumne County experienced heavy storms that occurred during November 2022 through March 2023. The storms caused moderate damage to a few locations throughout the treatment plant. Most of the damage was found at the office and blower building gutters, skylight panels at the head works, and fence damage at the north end of the treatment plant and entrance gate.

The spring of 2023, the District applied for funding through the Federal Emergency Management Agency (FEMA) Public Assistance Program with a cost shared between FEMA (75%) and the California Governors Office of Emergency Services (Cal OES) (25%), and has taken well over a year for their commitment. The costs to repair TCSD's damages is estimated at \$ 31,352. Earlier this year FEMA approved their portion of the project, and Cal OES is now committing to their percentage.

Cal OES requires several forms to be completed in order to receive their funding. The attached Cal OES Designation of Applicant's Agent Resolution for Non-State Agencies will allow staff to complete the required forms.

Fiscal impact: None

Attachment: Cal OES Designation of Applicant's Agent Resolution for Non-State Agencies

Recommended Motion:

I move to approve the Cal OES Designation of Applicant's Agent Resolution for Non-State Agencies, authorizing the District Secretary and/or General Manager to complete the required Cal OES forms.
