FAX: 209.928.4550  
EMAIL: brendatsd@frontier.com

To: Board of Directors  
From: Dave Andres, General Manager  
Subject: Management Report  
Date: April 30, 2021

Agenda Item: VII. b

I am currently working with staff on a number of activities. These activities include the following:

- **CSD Application Status**

The District applied to form a Community Services District with the Tuolumne County Local Agency Formation Commission (LAFCo) last fall. It appears as of this date that all the information from the TCSO and the Tuolumne Park & Recreation District (TPRD) has been submitted. County staff was assigned the task of collecting information on the Lighting District. A draft report on the formation should be available in May, assuming there are no further delays. However, I have yet to receive conformation from the County on whether this deadline will be met.

- **Tuolumne County 2021 Countywide Utility Stakeholder Coordination Meeting**

The County Public Works Department re-initiated its' annual stakeholder's coordination meeting. The video meeting was scheduled for Wednesday, April 21, 2021. Based on discussions during the meeting there does not appear to be any County road paving contemplated for Tuolumne City (with the exception of some improvements to Tuolumne Road) that would be of concern to the District. The County's new "No Dig" regulations go into effect on July 1, 2021. In addition, the County was going to get back to the District on the status of the underground utilities project as the staff person for the project was unavailable.
