---

**Task Order Name:** Wastewater Collection System CM

**Task Order No:** 19-02, Amend. 04

**Background**

Task Order 19-02 authorized Forsgren to begin Construction Management (CM) services for the District's Carter Basin Wastewater Collection System (WWCS) improvements project. At the time that TO 19-02 was issued, the project was still in the design phase. As such, there were numerous aspects of the project that had yet to be defined, and the construction schedule was unknown. Amendment No. 01 to Task Order 19-02 increased the budget of the CM services to align with the modified scope and schedule of the project. Amendment No. 02 increased the budget of the CM services to align with the contractor's scope of work that was increased due to additive bid items and changed project conditions. Amendment No. 03 increased the budget of the CM Services to account for additional CM services required due to the contractor's extended time for construction, and unexpected requests/requirements from the State to close out the project.

**Scope of Services:**

This Amendment No. 04 increases the budget of TO 19-02 to account for additional CM services necessary to coordinate and address remaining project closeout requirements and activities.

**Schedule:**

The schedule for Forsgren's services will be dependent upon the extent of the post construction and warranty issues.

**Compensation:**

This Amendment increases the estimated fee for the services from \$710,000 to \$730,000, an increase of \$20,000. The services will be charged on a time and materials basis, and the estimated fee will not be exceeded without prior authorization from TCSD.

**Terms and Conditions:**

The requested services will be performed in accordance with Forsgren's current Billing Rates, and Terms & Conditions included as part of the Master Services Agreement between Tuolumne City and Forsgren.
