

REQUEST FOR PROPOSALS (RFP)
(Issue Date: May 18, 2022)

SLUDGE DEWATERING, HAULING & DISPOSAL

SUBMITTAL DATE: June 22, 2022 - 1:30 PM

I. INTRODUCTION AND GENERAL INFORMATION

The Tuolumne City Sanitary District is seeking contract proposals for the dewatering, hauling and land disposal of sludge from the District's wastewater treatment plant located at 18050 BOX FACTORY ROAD, TUOLUMNE, CALIFORNIA 95379. The District shall award contracts for professional services on the basis of demonstrated competence, professional qualifications in order to accomplish the necessary tasks, the schedule to perform the work and the price to complete the scope outlined below.

A. BIDDING METHOD

NOTICE IS HEREBY GIVEN that the Tuolumne City Sanitary District ("District"), calls for sealed bid proposals to be received by the General Manager of the Tuolumne City Sanitary District, 18050 Box Factory Road (P.O. Box 1238) Tuolumne City, California 95379 on or before **June 22, 2022 at 1:30 P.M.** At 1:30 P.M. the bid proposals will be taken by the District's General Manager and/or the Office Manager/District Secretary opened and read aloud. The bids, together with a report of the bidders will be presented to the Board of Directors at their regular Board Meeting on **July 6, 2022 at 2:00 PM** at which time the Board of Directors may award the bid. The District Board of Directors shall award the bid based on the best interests of the District and reserves the right to reject any or all bids and to waive any irregularities to the bid. Any questions or clarifications regarding this RFP must be received in writing on, or before **June 3, 2022** and will be responded to by the District as an Addendum on, or before **June 10, 2022.**

The bidding method for award determination will be a multi-step process. Bidders will be required to submit a statement of qualifications and a technical proposal describing the proposed service delivery, method of providing the service and service delivery schedule in a sealed envelope marked "**Technical Proposal.**" Along with this submission, bidders will be required to submit a "**Price Schedule**" in the format provided by the District. All contracts for services shall be awarded on the basis of the most advantageous proposal to the District. In determining the most advantageous proposal to the District, the Board of Directors shall consider the following factors:

- a. Cost to the District;
- b. Quality of the proposed service;
- c. Capabilities and expertise of the contractor;
- d. Past service record of the vendor/contractor;
- e. Schedule to complete the work;

f. References from other persons or entities regarding the work record of the vendor/contractor.

B. EVALUATION CRITERIA

Consideration will be given to the following factors:

1. Technical Criteria

- (a) number and experience of employees assigned to perform the work;
- (b) number of and type of equipment assigned to perform the work;
- (c) schedule of the work to be performed and completion date;
- (d) dewatering capabilities;
- (e) qualifications of subcontractors if any

2. Other Considerations

- (a) references related to similar work performed for other public and/or private agencies;
- (b) insurance coverage for employees, including liability and workers compensation; required certifications and/or licenses to perform work; and performance bond; and
- (c) the quality of bid proposal submitted, including the completeness of providing the information requested in the RFP.

3. Price Schedule

- (a) The price schedule is found on page 17 of 17.
- (b) The price schedule is based on the estimated quantity of sludge. Payment shall be based on actual dry tonnage removed.

C. CONTACT PERSON

Questions concerning this RFP, or the treatment facilities should be directed to Ben Kikugawa, Chief Plant Operator at (209) 928-3517 or (209) 694-6163 or Brenda Bonillo, Office Manager/District Secretary at (209) 928-3517.

II. SCOPE OF WORK

A. PURPOSE AND BACKGROUND

Tuolumne City Sanitary District is seeking proposals from qualified companies equipped with a mobile dewatering unit and a mobile power supply to dewater and remove approximately 640,000 gallons of sludge from the treatment plant. The wastewater treatment plant has an average dry weather flow of 163,000 gallons. The treatment process includes activated sludge – extended aeration followed by secondary clarification. Between 1,000 and 2,200 gallons of sludge is wasted daily to a storage lagoon with a capacity of approximately 640,000 gallons. The sludge lagoon is equipped with two large new surface aerators. The aerators were sized to provide homogenized mixing of the sludge during dewatering. The aerators also serve to address odor control and to aid in the further decomposition. When the lagoon reaches full capacity the brush aerators are shut down to allow the solids to settle to the bottom. Once the solids are settled to the bottom staff is able to decant the clear liquid off the surface of the lagoon. Over time the solids build up and the decant volume is less every time. This cycle of filling and decanting has been ongoing since March 2019. The sludge lagoon is nearing maximum capacity and is ready for the sludge to be removed.

The sludge lagoon is a concrete lined, unevenly square-shaped inverted truncated pyramid with dimensions of 166' top, 117' sides, 84' bottom, and a depth of 14'. There has not been an issue with heavy metal testing exceeding maximum contamination levels in previous sludge testing. No testing has taken place since 2019 (past analytical results are available upon written request). The most recent test on Total Suspended Solids showed sludge content at 2.3 percent (2.3%). The sludge is mostly clear of non-sludge debris with minor grit and the possibly of few pinecones at the bottom. The lagoon is plumbed with a sump and dewatering sludge feedline adapted with a six-inch male camlock fitting.

B. WORK TO BE PERFORMED

- A. Permitted hours of operation shall be from 6:30 AM until 8 PM Monday – Friday, and weekends by mutual agreement.
- B. Mobilization of bidder's equipment to District site, including obtaining any and all necessary federal, state, county permits.
- C. Connect mobile dewatering unit to contractor provided mobile power supply.
- D. The contractor may connect their mobile dewatering unit to the provided sludge feed line or use their own sludge pump, and dewater approximately 640,000 gallons of sludge.
- E. Sludge shall be pressed to a semisolid state containing no less than fifteen percent (15%) and no more than fifty percent (50%) dry weight solids content.
- F. Decant water shall be pumped to the adjacent concrete lined lagoon (Emergency Overflow Lagoon).
- G. Keep work area clean while minimizing pressed sludge spillage.
- H. Immediately notify TCSD staff of any un-pressed sludge spillage (sludge of any kind shall not enter local storm drain).
- I. Take sludge samples of each load to be hauled offsite in conjunction with District staff.
- E. Select a State permitted landfill, direct land application, or composting facility and comply with their testing requirements for Class-2 biosolids (copies of any tests conducted by bidder shall be provided to the District).

- F. Haul all pressed sludge off site by truck (estimated 75 dry tons) to bidder selected landfill or bidder selected direct land application site (copies of each weight ticket by the truckload shall be provided to the District).
- G. Stock loading onsite is not permitted.
- H. Demobilize equipment and remove from District site.
- I. Complete project within 30 calendar days.
- J. The contractor shall submit copies of certified payroll to the District in accordance with Department of Industrial Relations (California state prevailing wages are required for this project).

Critical Path Table

Issuance of RFP	Questions Due	Proposals Due	Bid Awarded	Performance Bond, Payment Bond and Certificates of Insurance Due	Project Completion (30 Calendar Days)
May 18, 2022	June 3, 2022	June 22, 2022	July 6, 2022	July 18, 2022	August 18, 2022

III. RESPONSE FORMAT

A bid form is provided in Appendix A. It incorporates the various pieces of work described in the SCOPE OF WORK section of this document. It should be completed for all work for which you would like to be considered. Both Parts I and II of the bid form should be completed and submitted in a sealed envelope. The attached bid form or a reasonable facsimile must be used to submit a bid. Responses not received in the bid format may be considered non-responsive.

Submit bids to the Office Manager/District Secretary of the Tuolumne City Sanitary District, 18050 Box Factory Road (P.O. Box 1238) Tuolumne, California 95379 on or before June 22, 2022 at 1:30 P.M.

IV. EVALUATION OF SUBMITTED BIDS

Technical proposals will be evaluated by assigning a score ranging from zero (0) to the maximum score of one hundred (100). A score of 80 (80 percent) is required from this section to qualify your bid for consideration.

V. STANDARD SPECIFICATIONS

A. INSTRUCTIONS TO BIDDERS

1. Acknowledgment of Any Amendments

Bidders shall acknowledge receipt of any amendment to this solicitation by signing and returning the amendment with the proposal, by identifying the amendment date on the bid form, or by

letter. The acknowledgment must be received by the District by the time and at the place specified for receipt of bids. Failure to do so will result in proposal being considered nonresponsive.

2. Proposal Acceptance Period

Any proposal submitted as a result of the solicitation shall be binding on the bidder for **sixty (60) calendar days** following the proposal opening date. Any proposal for which the bidder specifies a shorter acceptance period may be rejected.

3. Proposal Form Submission

The proposal shall be signed and submitted. Both Parts I "Technical Proposal" and II "Price" of the proposal form should be completed as appropriate and submitted in a sealed envelope. The envelope should then be submitted by direct delivery to either of the following address:

UPS, Federal Express, etc.

Tuolumne City Sanitary District
18050 Box Factory Road
Tuolumne, California 95379

Or by United States Postal Service (USPS):

Tuolumne City Sanitary District
P.O. Box 1238
Tuolumne, California 95379

Proposals must be submitted no later than the time and date specified for receipt of proposals. Timely submission of the bid form is the responsibility of the bidder. Proposals received after the specified time shall be rejected and returned to the bidder unopened. The time and date of receipt shall be indicated on the envelope or package by the District's Office Manager/District Secretary of the Board. The District reserves the right to decide, on a case-by-case basis, whether to reject a proposal with modifications or additions as non-responsive.

4. Bid Withdrawal

A bidder may withdraw a "Price" bid prior to the time set for the opening of bids by simply making a request in writing to the District; no explanation is required. A bidder may also withdraw a "Price" bid if the District fails to award or issue a notice of intent to award the bid within sixty (60) days after the date fixed for the opening of bids. No bidder who is permitted to withdraw a "Price" bid shall, for compensation, supply any material or labor to or perform any subcontract or other work for the person to whom the contract is awarded or otherwise benefit from the contract. No partial withdrawals of a bid ("Price or Technical") are permitted after the time and date set for the bid opening, only complete withdrawals are permitted.

5. Certification of Independent Price Determination

The bidder certifies that the prices submitted in response to the solicitation have been arrived at independently and without - for the purpose of restricting competition - any consultation, communication, or agreement with any other bidder or competitor relating to those prices, the intention to submit a bid, or the methods or factors used to calculate the price bid.

6. Collusion Among Bidders

Each bidder, by submitting a bid, certifies that it is not a party to any collusive action or any action that may be in violation of the Sherman Antitrust Act. Any or all bids shall be rejected if there is any reason for believing that collusion exists among the bidders. The District may or may not, at its discretion, accept future bids for the same work from participants in such collusion. More than one bid from an individual, firm, partnership, corporation, or association under the same or different name may be rejected. Reasonable grounds for believing that a bidder has interest in more than one bid for the work being bid may result in rejection of all bids in which the bidder is believed to have interest. Nothing in this clause shall preclude a firm acting as a subcontractor to be included as a subcontractor for two or more primary contractors submitting a bid for the work.

7. Late Submissions

A proposal received at the place designated in the solicitation for receipt of proposals after the exact time specified for receipt will not be considered.

8. Qualifications of Bidders

See PART I. Technical Response Form.

B. General Terms and Conditions

1. Antitrust

By entering into a contract, the contractor conveys, sells, assigns, and transfers to the District all rights, titles, and interest it may now have or hereafter acquire under the antitrust laws of the United States and the State of California that relate to the particular goods or services purchased or acquired by the District under said contract.

2. Applicable Law

The contract shall be governed in all respects by the laws of the State of California and any litigation with respect thereto shall be brought in the courts of the State of California. The contractor and subcontractors shall comply with applicable federal, state, and local laws and regulations.

3. Assignment

The contractor shall not assign, transfer, convey, sublet, or otherwise dispose of any award or any or all of its rights, title, or interest therein, without the prior written consent of the District.

4. Certificates and Licenses

The contractor shall provide copies of all valid licenses and certificates required for performance of the work. The copies shall be delivered to the District no later than ten (10) days after the contractor receives the notice of award from the District. Current copies of licenses and certificates shall be provided to the District within twenty-four hours of demand at any time during the contract term.

5. Change in Scope of Work

The District may order changes in the work consisting of additions, deletions, or other revisions within the general scope of the contract. No claims may be made by the contractor that the scope of the project or of the contractor's services has been changed, requiring changes to the amount of compensation to the contractor or other adjustments to the contract, unless such changes or adjustments have been made by written amendment to the contract signed by the District and the contractor. If the contractor believes that any particular work is not within the scope of the project, is a material change, or will otherwise require more compensation to the contractor, the contractor must immediately notify the District in writing of this belief. If the District believes that the particular work is within the scope of the contract as written, the contractor will be ordered to and shall continue with the work as charged and at the cost stated for the work within the scope.

6. Failure to Enforce

Failure by the District at any time to enforce the provisions of the contract shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of the contract or any part thereof or the right of the District to enforce any provision at any time in accordance with its terms.

7. Force Majeure

The contractor shall not be held responsible for failure to perform the duties and responsibilities imposed by the contract due to legal strikes, fires, riots, rebellions, and acts of God beyond the control of the contractor, unless otherwise specified in the contract.

8. Immigration Reform and Control Act of 1986

The contractor certifies that it does not and will not during the performance of the contract, employ undocumented immigrant workers or otherwise violate the provisions of the Federal Immigration Reform and Control Act of 1986.

9. Indemnification

The contractor covenants to save, defend, hold harmless, and indemnify, the District and all of its officers, departments, agencies, agents, and employees from and against all claims, loss, damage, injury, fines, penalties, and cost including court costs and attorney's fees, charges, liability, and exposure, however caused resulting from, arising out of, or in any way connected with the contractor's negligent performance or nonperformance of the terms of the contract.

10. Independent Contractor

The contractor shall be legally considered an independent contractor and neither the contractor nor its employees, nor any subcontractors nor its employees, shall, under any circumstances, be considered employees, servants, or agents of the District. Further, the District shall not provide to the contractor any insurance coverage or other benefits, including Workers Compensation.

11. Non-appropriation

All funds for payment by the District under this contract are subject to the availability of an annual appropriation for this purpose by the District. In the event of non-appropriation of funds by the District for the services provided under the contract, the District will terminate the contract without termination charge or other liability, on the last day of the then-current fiscal year or when the appropriation made for the then-current year for the services covered by this contract is spent, whichever event occurs first. If at any time funds are not appropriated for the continuance of this contract, cancellation shall be accepted by the contractor on thirty days' prior written notice, but failure to give such notice shall be of no effect and the District shall not be obligated under this contract beyond the date of termination.

12. Oral Statements

No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in this contract. All modifications to the contract must be made in writing by the District.

13. Renewal of Contract

Upon written agreement of both parties, the contract may be renewed by the District for up to a three-year period from the date of award under the same prices, terms, and conditions as in the original contract.

14. Requirements Contract

During the period of the contract, the contractor shall provide all the services described in the contract. The contractor understands and agrees that this is a requirements contract and that the District shall have no obligation to the contractor if no services are required. Any quantities that are included in the scope of work reflect the current expectations of the District for the period of the contract. The amount is only an estimate, and the contractor understands and agrees that the District is under no obligation to the contractor to buy any amount of the services, except those indicated as an estimated amount of dry sludge removal, as a result of having provided this estimate or of having any typical or measurable requirements in the past. The contractor further understands and agrees that the District may require services in an amount less than or in excess of the estimated dry sludge amount and that the quantity actually used, whether in excess of the estimate or less than the estimate, shall not give rise to any claim for compensation other than the total of the unit prices in the contract for the quantity actually used.

15. Termination

The District may terminate this Agreement without cause upon giving seven (7) days written notice to Contractor. In the event of such termination, Contractor shall be entitled to any compensation owed for services rendered up to the effective date of termination.

After receipt of a notice of termination, except as otherwise directed, the contractor shall stop work on the date of receipt of the notice of termination or other date specified in the notice; place no further orders or subcontracts for materials, services, or facilities except as necessary for completion of such portion of the work not terminated; terminate all vendors and subcontracts; and settle all outstanding liabilities and claims.

- (b) What is the experience of your Project Manager in performing similar work?
- (c) What equipment will be used to perform the work? Please list the make and model of the equipment (e.g., trucks, generators, de-watering equipment, etc.) to be used on the project.
- (d) Please describe your company's experience performing the scope of work provided in this RFP. How many years has your company been doing this type of work?
- (e) Can you complete the described work in fifteen (15) working days or less? If not, how long will it take you to complete the work?
- (f) What will be your work schedule? Please provided a daily schedule and an estimated time of completion. The District will make the Treatment Plant available from 6:30 AM until 8:00 PM Monday thru Friday and weekends by mutual agreement.
- (g) Can you meet all of the attached *Mandatory Qualifying Criteria* if awarded this contract?

Mandatory Qualifying Criteria

In order to qualify for consideration for award, each bidder must meet the following criteria:

INSURANCE REQUIREMENTS

Contractor shall carry and maintain during the life of this Agreement, such public liability, property damage and contractual liability insurance and workers' compensation insurance as specified below:

A. **Public Liability and Property Damage Insurance.** Contractor shall furnish public liability and property damage insurance which includes, but is not limited to, personal injury, property damage, losses relating to independent contractors, products and equipment, explosion, collapse, and underground hazards in a minimum amount of not less than a combined single limit of One Million Dollars (\$1,000,000.00) for one or more persons injured and property damaged in each occurrence.

The public liability and property damage insurance furnished by Contractor shall also name District as an additional insured and shall directly protect, as well as provide the defense for District, its officers, agents and employees, as well as Contractor, all subcontractors and suppliers, if any, from all suits, actions, damages, losses or claims of every type and description to which they may be subjected by reason of, or resulting from Contractor's operations in the performance of the work pursuant to this Agreement, and all insurance policies shall so state. Said insurance shall also specifically cover the contractual liability of Contractor. Said insurance shall also specify that it acts as primary insurance.

If Contractor fails to maintain such insurance, District may declare a default in the performance of this Agreement.

B. **Workers' Compensation Insurance.** Contractor shall be permissibly self-insured or shall carry full workers' compensation insurance coverage for all persons employed, either directly or through subcontractors, in conducting the work contemplated by this Agreement, in accordance with the Workers' Compensation Act contained in the Labor Code of the State of California.

By execution of this Bid, Contractor certifies as follows:

“I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provisions of that Code, I will comply with such provisions before commencing the performance of the work of this contract.”

Within ten (10) days of award of bid Contractor agrees to furnish a certificate or certificates substantiating the fact that it has taken out the insurance set forth above for the period covered by the contract. Each such certificate shall bear an endorsement precluding the cancellation or reduction in coverage of any policy covered by such certificate before the

expiration of thirty (30) days after District shall have received notification of such cancellation or reduction.

COMPLIANCE WITH PREVAILING WAGE REQUIREMENTS

Pursuant to the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II of the Labor Code of the State of California, not less than the general prevailing rate of per diem wages, and not less than the general prevailing rate of per diem wages for holidays and overtime work, for each craft, classification or type of worker needed to execute the work or any part of the work completed under this Agreement shall be paid to all workers, laborers and mechanics employed in the execution of said work by Contractor or by any sub-contractor doing or contracting to do any part of the work contemplated by this Agreement. However, hauling bio-solids off-site to farmland shall not require prevailing wages as ruled by the Director of DIR in April 2006:

This constitutes the determination of [Public Works No. 2005-009] under California's prevailing wage laws and is made pursuant to Title 8, California Code of Regulations, section 16001(a). Based on my review of the facts of this case and an analysis of the applicable law, it is my determination that the hauling of biosolids from a water treatment facility and the application of the hauled biosolids to farmland as soil amendment is not public work subject to the payment of prevailing wage.¹

¹Rea, John. "Public Works Case No. 2005-009." *Department of Industrial Relations*, 21 Apr. 2006, www.dir.ca.gov/oprl/coverage/year2006/2005-009.pdf.

The appropriate determination of the Director of the California Department of Industrial Relations is filed with, and available for inspection, at the office of the District Administrator.

Pursuant to Labor Code Section 1775, Contractor shall forfeit, as a penalty to the District, an amount of not more than Two Hundred Dollars (\$200.00) for each calendar day, or portion thereof, for each worker paid less than the stipulated prevailing rates for any work done pursuant to this Agreement by Contractor or any subcontractor working under Contractor. The amount of the penalty shall be determined by the Labor Commissioner and shall be based on consideration of the Contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, the previous record of the Contractor in meeting his or her prevailing wage obligations, or Contractor's willful failure to pay the correct rate of prevailing wages. In addition to said penalty, the difference between such prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the

prevailing wage rate shall be paid to each worker by the Contractor. Contractor shall post, at each job site, a copy of such prevailing rate of per diem wages as determined by the Director of the California Department of Industrial Relations.

Contractor and each subcontractor under Contractor shall keep an accurate payroll record showing name, address, social security number, work classification, straight-time and overtime hours worked each day and week, and the actual per diem wages paid to each person certified in a trade or a craft, for each apprentice, worker, or other employee of Contractor or subcontractor performing a part of the work contemplated by this Agreement. Contractor shall provide or make available for inspection, a certified copy of such payroll records as specified in Section 1776 of the Labor Code of the State of California. Attention is directed to Section 1777.5 of the Labor Code of the State of California concerning the employment of apprentices, and Contractor is required to comply with the provisions of that section.

COMPLIANCE WITH SB 854 REQUIREMENTS

SB 854 (Stat. 2014, chapter 28) made several changes to the laws governing how the Department of Industrial Relations (DIR) monitors compliance with prevailing wage requirements on public works projects. The District is required to notify DIR when awarding a contract for a public works project, using the online PWC-100 form. This requirement, found in Labor Code Section 1773.3, now applies to all public works projects.

An awarding body may not accept a bid or enter into a contract for public work with an unregistered contractor.

No contractor or subcontractor may be listed on a bid proposal for a public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial

Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)]. No contractor or subcontractor may be awarded a contract for public work on a public works project (awarded on or after April 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

Effective July 1, 2017 the requirement to furnish electronic certified payroll records to the Labor Commissioner applies to most public works projects. All contractors and subcontractors must submit electronic certified payroll records directly to the Labor Commissioner (aka Division of Labor Standards Enforcement) using DIR's electronic certified payroll reporting system.

PERFORMANCE AND PAYMENT BONDS

Contractor shall, within ten (10) days of bid award, file two (2) separate bonds with District, each made payable to District. These bonds shall be issued by a surety company authorized to do business in the State of California and shall be maintained during the entire life of this

Agreement at the expense of Contractor. One bond shall be in the amount of One Hundred Percent (100%) of the contract price set forth in this Agreement and shall guarantee the faithful performance of all aspects of this Agreement. The second bond shall be the payment bond required by Division Three, Part 4, Title 15, Chapter 7 of the Civil Code of the State of California, and shall be in the amount of One Hundred Percent (100%) of the contract price set forth in this Agreement to guarantee the payment of wages and of bills contracted for materials, supplies or equipment used in the performance of this Agreement. Any alterations made in the specifications which are a part of this Agreement or in any provisions of this Agreement shall not operate to release any surety from liability on any bond required hereunder, and the consent to make such alterations is hereby given, and any surety on said bonds hereby waives the provisions of Section 2819 of the Civil Code. Prior to beginning work under this Agreement, Contractor shall furnish a certification from the Department of Insurance evidencing the status of any and all sureties issuing the bonds required under this Agreement. Contractor further certifies and represents that said sureties are authorized to do business in the State of California and that the bonds fully comply with Civil Code Sections 3247 and 3248.

List of Subcontractors

The Subletting and Subcontracting Fair Practices Act (Government Code "4100-4113) is incorporated herein. A sheet for listing the subcontractors, as required by the ACT, is shown on page 15.

Each bidder shall list in their technical response form:

- A. The name and location of the place of business of each subcontractor who will perform work or labor or render services to the prime contractor, or subcontractor licensed by the State of California who, under subcontract to the prime contractor, specially provides services for a portion of the work in the specifications, in an amount in excess of one half of one percent of the prime contractor's total bid.
- B. The portion of the work which shall be done by each such contractor. Only one subcontractor shall be listed for each portion

PART II - PRICE SCHEDULE FORM

I (We) have read the District's Request for Proposal for the delivery of *Sludge Dewatering, Hauling and Disposal Services* and fully understand its intent is to award the contract based on the best combination of Technical Score and Price Proposal from those qualified bidders whose Technical Proposal receives a minimum score of 80 or greater. We certify that we have completed PART I. Technical Response Form and submitted it to certify that we have adequate personnel, equipment, and facilities to perform that work for which we are submitting a bid. We understand that our ability to meet the criteria and provide the required services shall be judged solely by the information evaluated by the District. We agree to provide the District such services in the manner described in the Request for Proposal for the following price:

\$ _____ per ton of dry disposed based on an estimate of 75 tons

Per ton price times estimate tonnage

\$ _____ per ton X 75 tons = _____ Total Price

I further affirm that I have received Amendment(s) dated _____ and have incorporated these changes into my bid.
