The GM is currently working with staff and consultants on a number of activities. These activities - the following:

- **WWTP Phase 2 Final Budget Approval-Project Time Extension**

Staff received correspondence from SRF staff confirming the approval of the Final Budget Approval and Project Extension. Final approval is pending the SRF Deputy Director signature but staff is confident that the signed FBA and Extension will be approved.

- **SCADA Improvement Project**

Staff has worked with Telstar to meet the March 31 completion date on the SCADA Improvements Project. The GM would like to thank Ben for his hardworking assistance to Telstar to get the Phase I complete.

- **Cherry Valley Easement**

TEDA, Inc. supplied the District with a Quit Claim Deed (QCD) to relinquish an unused portion of an easement (No. 4126-301-552) which once serviced the district's main line located in the new Westside Cherry Valley subdivision. In 2011, our service line was moved to accommodate the Tribe's plan to build homes on the vacant lot. The QCD was notarized on March 26, 2025, and delivered to TEDA to be recorded.
